Bio:

I bring over a decade of leadership across commercial real estate, business operations, and community building. As a small business owner, I've navigated growth, fiscal stewardship, and team development firsthand.

That experience anchors my St. Louis commercial real estate work, where I help investors, developers, and small businesses bring projects to life across the urban core. My wife and I are raising four children in the Central West End, and we want them to grow up in a thriving St. Louis.

Service has always mattered to me. I've served as VP and Treasurer of the Young Friends of Urban Harvest STL and completed Focus St. Louis's Emerging Leaders Program and the Contemplative Leaders in Action (CLA) at Saint Louis University.

I love St. Louis and believe a strong Commercial Division is vital to its success.
