<b>Please share with us your interest in this position and what your goals and objective might be.</b>	My interest for being on the St Louis Board is simple. I want my voice to make a difference and I want to be the voice of others that can't be heard themselves. We are in unique times for our world and industry. Its going to take dedicated individuals to navigate through the issue our industry faces as well as be the leader in the change that will inevitably come. The Association needs quality leaders that show up in all spaces, that aren't looking at being on the board as line on a resume, and that really go out to be a positive light in our industry. I feel I am that person. I want to assist in making policies that help all agents and in term makes our community as a whole a better place to live.
